

AARTAPPELNAVORSINGSIMPOSIUM 2022

POTATO RESEARCH SYMPOSIUM 2022

Die Navorsing Simposium is 'n gewilde platform in die aartappelbedryf waar tegniese aangeleenthede, formeel en informeel bespreek word. Navorsers wat deur die aartappelbedryf befonds word, rapporteer terug oor die vordering wat gemaak word met navorsing. Alle produsente, navorsers, studente, insetverskaffers, en personeel van Aartappels Suid-Afrika, Aartappelsertifiseringsdiens en Aartappellaboratoriumdienste word hartlik uitgenooi om die platform met ons te kom deel nadat die Simposium vir 2 jaar gekniehalter was as gevolg van die pandemie. Dié jaar se Simposium vind plaas van 19 tot 21 Julie 2022 by Club Mykonos, Langebaan in die Wes-Kaap.

The Research Symposium is a popular platform in the potato industry where technical issues are discussed, formally and informally. Researchers, funded by the potato industry, report back on the progress made with research. All producers, researchers, students, suppliers, and staff of Potatoes South Africa, Potato Certification Service and Potato Laboratory Services are cordially invited to come and share the platform with us after the Symposium was delayed for 2 years due to the pandemic. This year's Symposium will take place from 19 to 21 July 2022 at Club Mykonos, Langebaan in the Western Cape.

Die eerste aand word informeel gekuier terwyl die WinField United South Africa Prysuitdelingsgeleentheid op Woensdagaand 20 Julie 2022, ietwat meer formeel is. Na afloop van die Simposium sal daar ook 'n geleentheid wees om WinField United South Africa se proefplaas op Donderdag 21 Julie 2022 te besoek.

The first evening will be informal, while the WinField United South Africa Prize-giving event on Wednesday evening, 20 July 2022, will be somewhat more formal. Following the Symposium, there will also be an opportunity to visit WinField United South Africa's experimental farm on Thursday 21 July 2022.

Weens praktiese oorwegings en Covid regulasies is daar 'n beperkte aantal mense wat by die Simposium asook die proefplaas besoek toegelaat gaan word. Bespreek asseblief vroeëtydig as jy wil aansluit.

Due to practical considerations and Covid regulations, a limited number of people will be allowed to visit the Symposium and the experimental farm. Please book well in advance if you would like to join.

REGISTRASIEFOOI

Registrasiefooi **voor of op 1 Junie 2022** is R2 400.00 per persoon (verblyf uitgesluit).
Laat registrasie (**2 Junie – 17 Junie 2022**) is R2 900.00 per persoon (verblyf uitgesluit).
Proefplaas besoek: R250

REGISTRATION FEE

Registration fee **before or on 1 June 2022** is R2 400.00 per person (accommodation excluded).
Late registration (**2 June – 17 June 2022**) is R2 900.00 per person (accommodation excluded).
Experimental farm: R250

REGISTRASIE SLUIT: 17 JUNIE 2022

Vir aanlyn registrasie besoek: <http://www.first-choice.co.za>.

REGISTRATION CLOSES: 17 JUNE 2022

For online registration, visit: <http://www.first-choice.co.za>.

Vir navrae aangaande registrasie, verblyf en vervoer vanaf die lughawe, kontak Lethea Louw by Lethea@first-choice.co.za of 083 288 7640.

Corteva Agriscience Informeel Funksie	WinField United South Africa Prysuitdelingsaand	
Aandete by die Cape Town Fish Market Dinsdagaand, bied geleentheid om informeel te kuier en dalk vroeg in te kruip na 'n baie lang dag.	Tydens die WinField United South Africa Prysuitdelingsaand word pryse toegeken vir die beste aanbiedings (navorser, werkgroep en student) asook beste bywoning deur 'n streek. Daarna kuier ons lekker tot laat.	
Corteva Agriscience Informal Function	Winfield United South Africa Prize Giving Evening	
<i>Dinner at the Cape Town Fish Market on Tuesday evening offers the opportunity to network informally and perhaps enjoy an early evening after a very long day</i>	<i>During the Winfield United South Africa Evening, prizes are awarded for best presentations by researchers, work groups and students, as well as the best presented region. Thereafter we relax until late.</i>
